

Seboradin Revitalizing Lotion

RECOMMENDATIONS:

Dry hair, damaged by dyeing, styling, straightening and drying. For women and men.

ACTIVE INGREDIENTS:

It contains ginseng extract, rich in such vitamins as B, C, as well as copper, zinc and iron, which improve blood supply to the scalp. It intensively regenerates and stimulates hair to regrow. Burdock extract regulates sebum secretion. Sulfur contained in black radish extract strengthens hair. Castor oil lends smoothness and shine to the entire hair length. Hair becomes soft, well nourished, shiny, stronger and more resistant to damage.

HOW TO USE:

Apply on the scalp and (dry or wet) hair, massage it in intensively and style your hair. Do not rinse off! For daily use. It does not weigh down the hair. It is recommended to use it with other carefully selected SEBORADIN products. The characteristic smell of the product comes from the natural, active plant extracts. It dissipates after drying the hair.

Volume - 200 ml
